

Essentials Primer for Beginners Module 1 Checklist

Congratulations to you for reaching the end of module 1. Please use this checklist as a way of affirming, checking, and reinforcing the knowledge you have gained during the module.

Tick each box if you agree with the statement.

- I can confidently name and number the first three strings.
- I understand that memorising the names and numbers of these strings will help me to communicate more quickly and effectively.
- I know all of the names and abbreviations for the picking and strumming fingers.
- I can differentiate between the abbreviations for the Thumb and little finger.
- I understand the differences between the three thumb positions – Grabber, Thumbs Up, and Unseen.
- I am able to look at tablature and know which fret to place a finger on and that horizontal lines represent the strings on the guitar.
- I realise that Pareto's Principle is also known as the 80:20 Rule. This rule refers to the idea that 80% of outcomes result from 20% of inputs.

If you have ticked every box it is time to move on to module 2.

Let your fingers fly!

Josh
